

Data on Pokemon Generations (1-6)

Number of New Pokemon Introduced in Each Generation

- All odd generations (1, 3, 5) have introduced more Pokemon than even generations (2, 4, 6).
- Generation 6 introduced less than half of the Pokemon introduced in generations 1 and 5.

Average Stat Total for Each Generation
(Including the Various Forms of Pokemon)

- The average stat total for Generation 4 is significantly higher than the other generations.
- The first three generations have lower average stat totals than the rest of the generations.
